LITTLE ROCK.—(AP)—Comptroller Smith informed Governor Fretwell Monday that he is conducting an investigation of the state penitentiary's fiscal affairs.

Union Service to Be Held in Hope for Good Friday

All Congregations Invited—Service Begins 1:30 Friday Afternoon

FIRST M. E. CHURCH Various Hope Pastors Will Preach Upon Words From the Cross

Beginning promptly at 1:30 o'clock Friday afternoon a union Good Friday service will be held at First Methodist church.

The public is invited to attend this service, which is being held in commemoration of the time that Christ hung on the cross on the day of His crucifixion, from noon until 3 o'clock. The messages of the several pastors will be based upon the words which Christ spoke while on the cross.

No spoken announcements will be made during the service. The worshippers are requested to follow closely by the order of the service on the bulletins, which will be distributed. Those who come late will be permitted to enter during the intermission. If any should not be able to stay for the entire service, which will last approximately 2:45 p. m., they are requested to leave only during the intermission.

The following order of worship has been prepared:

FIRST WORD: "The Word of Love and Forgiveness"—Luke 23:34. Hymn No. 141. "When I Survey the Wondrous Cross." Scripture, Isa. 53:1-6. Quartet, "The Old Rugged Cross." Baptist Quartet, Thess. Message, Rev. Wallace R. Rogers. Intermission—Silent prayer and meditation.

SECOND WORD: "The Word of Salvation"—Luke 23:43. Hymn No. 143. "In the Cross of Christ I Glory." Scripture, Luke 23:35-43. Solo, "In the Hour of Trial"—Mrs. Stith Davenport. The Message, Dr. J. L. Cannon. Intermission—Silent prayer and meditation.

THIRD WORD: "Word of Filial Care and Love"—John 19:25-27. Hymn No. 355. "Love Divine, All Loves Excelling." Scripture, John 19:25-27. Solo, "Oh Love That Will Not Let Me Go"—Mrs. W. Y. Foster, Jr. The Message—Rev. Thomas Brewster. Intermission—silent prayer and meditation.

FOURTH WORD: "The Word of Atonement"—Mat. 27:46. Hymn No. 324. "My Faith Looks Up to Thee." Scripture, Mat. 27:46. Solo, "Rock of Ages"—W. C. Taylor. The Message, Rev. Guy Holt. Intermission. Silent prayer and meditation.

FIFTH WORD: "The Word of Assurance"—John 19:28-29. Hymn No. 146. "Amen and Did My Savior Bleed." Scripture, John 19:28-29. Solo, "Hail Him Once Despoised Jesus"—Mrs. R. White. The Message, Rev. Alva C. Rogers. Intermission, silent prayer.

Assassination of 3 European Chiefs Foiled by Police

Laval, of France, Among Those Marked for Destruction

LEAGUE IN SESSION Ignores Ethiopian Dispute, to Consider French Note to Germany

GENEVA, Switzerland.—(AP)—Police Monday disclosed a plot to assassinate three noted European statesmen. It was disclosed, despite denials in Marseille, that two suspected Italian men and a woman had been "detained" in Marseille.

The statesmen plotted against, police said, were: Pierre Laval, of France; Dr. Eduard Benes, Czechoslovakian foreign minister; and Nicholas Titulescu, Rumanian foreign minister.

Copyright Associated Press

GENEVA, Switzerland.—(AP)—The League of Nations late Monday recommended to Italy and Ethiopia that they do their utmost to conciliate their differences.

The League deferred action until Tuesday on the French protest against Germany's rearmament—the protest which caused this extraordinary session of the council to be called.

Common Front Presented STRESA, Italy.—(AP)—Determined unity among the three great Western European powers was seen in conference circles Monday—the most significant contribution to peace resulting from the tripartite conversations of Great Britain, France and Italy.

Ethiopian Issue Ignored GENEVA, Switzerland.—(AP)—The League of Nations council decided Monday not to discuss Ethiopia's dispute with Italy in the present extraordinary session, instead devoting it self entirely to France's appeal against Germany's rearmament.

City Officials to Take Oath Tuesday

No Announcement From Graves as to Police Appointments

New city officials will be inducted into office Tuesday night at the regular meeting of the city council.

Heading the list will be Albert Graves as mayor. He succeeds Mayor R. A. Boyett, veteran administrator. L. Carter Johnson will take the oath as alderman from Ward One, succeeding R. L. Gosnell. Kenneth G. Hamilton replaces L. N. Garner as alderman from Ward Two.

Roy Johnson succeeds Theo P. Witt in Ward Three, and Charles Taylor succeeds himself as alderman from Ward Four. Charles Ryerson succeeds himself as city treasurer.

Mayor-elect Graves said Monday that he was undecided as to appointments on the police force.

Louisiana Solons Called 5th Time

Special Session Again Ordered by Long—to Convene Immediately

BATON ROUGE, La.—(AP)—Another special session of the Louisiana legislature—fifth in nine months—was to convene here Monday night to write new laws dictated by the whims of Senator Huey P. Long who did not disclose the purpose for which the obedient lawmakers were being summoned.

Returning unexpectedly from New Orleans, Long spent Sunday afternoon at the state house conferring with Gov. O. K. Allen, and other followers and writing bills.

Although legislators were notified to come to Baton Rouge for the session beginning at 8 p. m., Long himself, was particularly noncommittal when he reached the governor's offices.

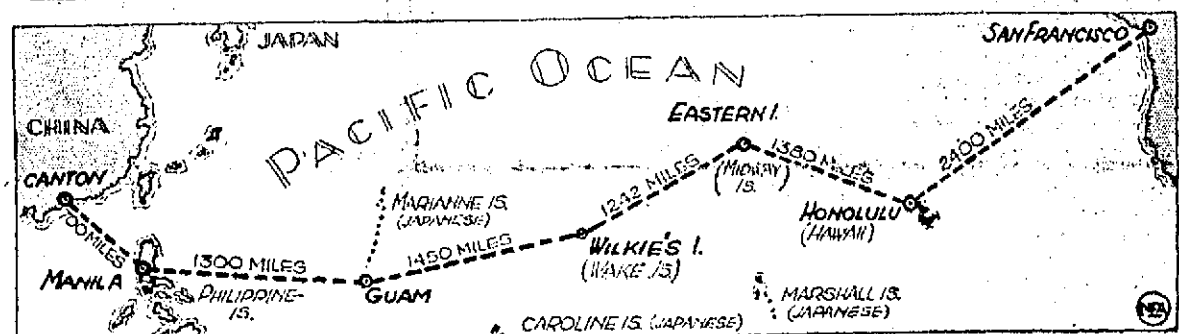

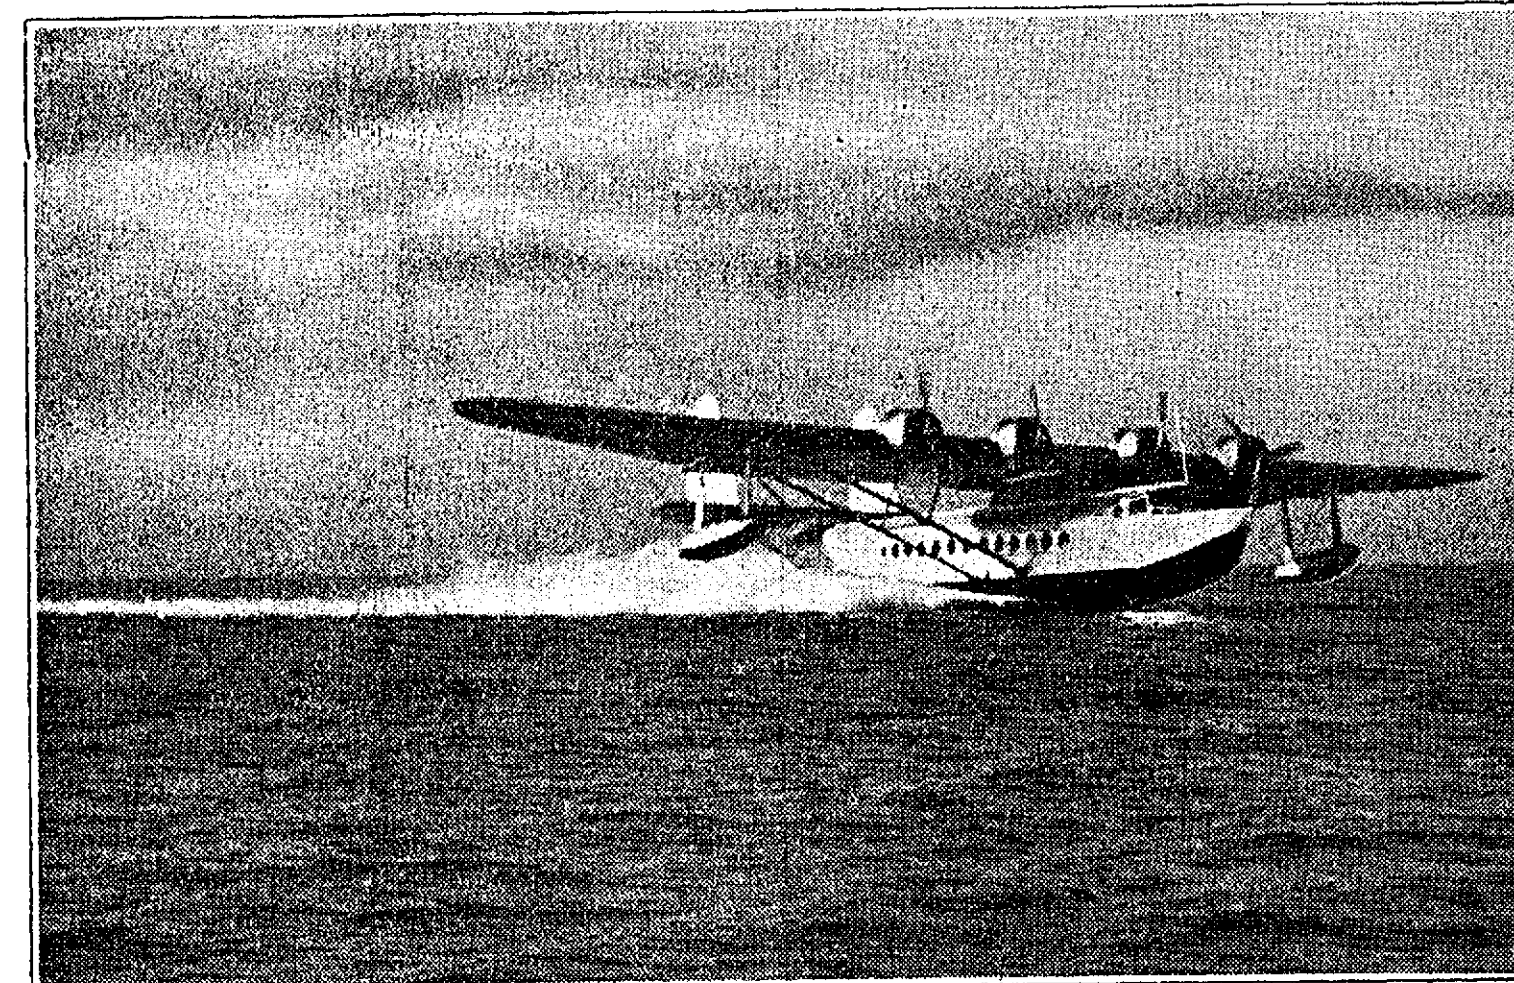

He later left the executive suite and ascended to an upper floor of the skyscraper state house for conferences with lawyers attached to various state departments.

Governor Allen later emerged and was asked whether he intended calling a session.

"We are considering it," he replied. "It was understood that the formal call for the session setting forth the general legislative items would not be issued before Monday at which time it will be released for official promulgation."

The session will be the second special assembly this year, one having been held the last week of February and the first week of March. Three special sessions were held in the last five months of 1934.

China Clipper to Span Pacific in 3 Days

Driver's License Deadline Extended

Auto Owners Have Until May 15, to Comply

LITTLE ROCK.—(AP)—Governor Fretwell declined to ask collectors to waive the penalty accruing after Monday on property taxes but said the collectors could use their own judgment in waiving penalties.

Extend Driver's License LITTLE ROCK.—Automobile owners who have not yet obtained the driver's license required under the State Police Commission act passed by the 1935 legislature will have until May 15 to comply with the law, Earl R. Wiseman, state revenue commissioner, announced Sunday.

Monday originally was fixed as the deadline for buying the license, which costs 50 cents, but he decided to extend the time.

Whether this example will be followed by Governor Fretwell in regard to real estate and personal property taxes, the first installment of which will be paid due Monday, had not been revealed Sunday night, but apparently officials were confident provision would be made to waive penalties on the installment for several weeks.

Bulletins

WASHINGTON.—(AP)—The United States Supreme Court adjourned Monday for two weeks without passing on the railway pension law but agreed to pass upon the constitutionality of the NRA.

WASHINGTON.—(AP)—Attorney General Cummings decided Monday to ask trial of Samuel Insull and associates on the remaining federal indictment resulting from the collapse of the Insull utilities.

WASHINGTON.—(AP)—James A. McFell, federal housing administrator, asked President Roosevelt Monday to relieve him of his post in the near future.

ST. PAUL, Minn.—(AP)—Byron Bolton, Chicago, charged as one of the kidnapers of Edward G. Bremer, St. Paul broker, pleaded guilty as he and 11 others were brought into federal court Monday for trial. Bolton's sudden action left others with the prospect that the government might not put Bolton on the stand to tell "the inside story" of the sensational abduction.

On January 1, 1933, there were 2337 waterpower plants in this country; their combined output of electricity power was approximately 15,817,900 horsepower.

Air Giants to Link China and U. S. as in Sailing-Ship Days

South Sea Island Airports Will Furnish Big Airplanes With "Stepping Stones" on Way to Orient

The greatest step toward conquest of the air since Lindbergh's historic flight is that which Pan American Airways is preparing to take this summer in spanning the Pacific to China with its giant clipper ships. This story, first in a series of three, tells of the grand dream which is about to become reality.

BY SHEPHERD MONTROSE NTA Service Writer

SAN FRANCISCO, Calif.—Heralding a new epoch in man's conquest of the air, a giant Pan American Clipper flying boat will soon be lifting itself from the famous bay here and heading out through the Golden Gate toward the China—more than 8500 miles away.

Back of this effort to regain the prestige of the old Yankee clippers which were the marvel of the China trade 100 years ago are millions of dollars spent on development and equipment, two years' intensive training of personnel with one goal in mind, and a triumph of American enterprise over great obstacles.

After several experimental flights over the 8500-mile route, the first regular-schedule passenger-cargo flight will come late in the summer.

Then passengers and important light cargo will go aboard at Alameda or San Diego, Calif., and reach Canton, China, in about three days. Today the latest ocean ships take three weeks for the trip.

Five Steps on Route The epic journey—which even in a flying age seems incredible—will be made in 19-ton flying boats, powered by four motors that pull the huge clippers at better than 150 miles an hour.

Five steps will be made en route: at Hawaii, Eastern Island in the Midway group, Wilkie's Island in the Wake group, Kuan and th Philippines.

At the end of the flight lie the great ocean trade areas of the Far East, already being reached by government-subsidized airlines of other powers.

Pan American, only American operator of international airmail lines, Hemisphere and operates a system in China and Alaska. Its planes carry passengers, mail, and cargo over 33,000 miles of routes, easily the longest airway in the world.

Heavy obstacles beset the Pacific project. No plane had been made—could ever be built, said the skeptics—capable of flying such long distances over water on schedule regardless of weather conditions.

Conquer Great Obstacles A technical staff, headed by Col. (Continued on page three)

New Building for Penney Company

Store Will Take Montgomery Ward Location—Construction Work Tuesday

A modern one-story brick building will be constructed on East Second street for occupancy by the J. C. Penney company. It was announced Monday by A. E. Stonequist, manager of the local Penney store.

The new structure, located on the old Montgomery Ward site, will be a modern Penney type building, giving the firm additional space for expanding business.

A five-year lease with option for a longer period, has been signed by R. G. McRae and Lloyd Spencer, owners of the building, and Mr. Stonequist, manager of the Penney store. J. W. Booth & Sons have the contract for construction.

Preliminary work operations on the new building will start Tuesday. The building is expected to be completed the latter part of June and the Penney firm will move from its present location about July 1.

Construction contract calls for a floor space 42 by 145 feet, which is 99 feet longer than the present building occupied by the Penney store. The ceiling will be higher, furnishing more light and a cooler building.

Mr. Stonequist announced that the shoe and ready-to-wear department would be enlarged when the firm moves to its new location.

The Penney company store opened for business in Hope 10 years ago at its present location.

Pastor Describes Christ in Garden

Gethsemane Is Rev. Holt's Topic in Christian Church Series

In his message Sunday morning the Rev. Guy D. Holt, pastor of First Christian church, depicted Christ in the Garden of Gethsemane as before His Father, God. He vividly painted the picture of Christ going into the garden to pray for strength to meet what He knew was before him.

He brought out the meaning in Mark's statement that He began to fear, how hard it was for people to realize that Christ was cast down by fear as man knows fear. What was the cause of this fear? Mr. Holt asked.

"Jesus who had never shown fear, yet now cast down by fear. He could not bear to think of us drinking the bitter cup of fear without His having experienced it Himself, so He surrendered Himself to this fear. Already He feels the traitor's kiss upon His face, feels the servant's cruel blow. He fears the trials, four of them that He must face. He feels the cruel blows of the Roman scourge tearing His bare back to shreds, the piercing thorns in His head and brow, yes, and hears the cries of 'Crucify Him' that are soon to be shouted from the throats of many people."

"Then He began to be heavy, yes heavy of heart, because as He knelt there in the garden He realizes that

Pair Suspected in Highway Robbery Arrested in Hope

Two Young Men Held for Hijacking of H. W. Stanley, Broadway President

HOT SPRINGS ROAD

Men Picked Up When Police Find Car's Ignition "Wired Around"

Two young men giving out-of-state addresses and driving a car whose ignition switch had been "wired around" were arrested by Hope police on the Lewisville highway at 10 o'clock Monday morning on suspicion that they were the pair wanted for a Sunday night holdup.

Police detained them when their description appeared to answer that of two men who stopped Henry W. Stanley, of Dallas, president of the Broadway of America association, on the Hot Springs-Arkadelphia highway Sunday night and robbed him of \$17 and a wrist-watch.

Following the holdup an alarm was broadcast to all police headquarters in this area; and Monday morning the Hope department got a tip that two men in a "hot" car were heading out on the Lewisville road.

Officers Shipp and Burke made the arrest. They described the car as a Ford V-8, 1934 model, bearing a Kansas license. It had no ignition key, of course, and the ignition board had been "wired around." There was also a special serial number on the gasoline tank—leading police to believe that the car had been stolen from some traveling salesman whose company numbers its cars for gasoline-chance-account purposes.

One of the men claimed the car was the property of his father.

Police are investigating this claim, while awaiting an answer from Mr. Stanley which may help either to identify the men or clear them.

30 Boys and Girls in Cotton Contest

15 From 4-H Clubs, and 15 Listed as Miscellaneous Members

There are a large number of 4-H club members in Hempstead county who have entered the Robert L. Rorich cotton growing contest, according to a report from Carroll S. Morrow, assistant county agent, who is in charge of 4-H club work in Hempstead county.

The 4-H club member who completes the contest and grows the most lint cotton on an acre of ground will receive a seven-jewel gold watch as a reward for this achievement.

There are 15 boys from regular 4-H clubs entering the contest, and 15 boys and 2 girls, who are miscellaneous club members.

The names of the contestants are: Leon Pyle, Earl B. Montgomery, Ora Francis Jarvis, Wallace Wise, Roy Logan, Sam Huggins, Thelma Galloway, Milton Mosier, Valyear Pinegar, Verdo Powell, Warren Butler, Glen Tice, Henry Samuel, Carl Winston Moses, John Rufus Harper, David Ray, Raymond Cantrell, Walter Williams, Dorothy McNatt, Louie Hughes, Alvin Bathcock, J. M. Barlow, Carrie Mae Douglas, Teneil Rhodes, Everett Mc. Cant, Harland McKamie, J. G. Jones, Dudley Mayton, Ross E. Harrison.

Markets

Cotton

NEW ORLEANS.—(AP)—Cotton began the new week Monday with quiet trading, and opening prices were within a point or two of the previous close.

A small Liverpool market and a dearth of news that could be interpreted as favorable held dealings to the minimum. Price movements were unimportant in the early trading.

May was off two points at the opening at 11.61 but gains of a point or two were shown by October at 11.41, December at 11.49 and January at 11.52.

As futures approached the 12-cent level they were meeting a little more willing pressure and traders were of the opinion that until further developments from Washington little activity could be anticipated on either side of the market.

Active positions held around first call prices during the early trading.

NEW YORK.—(AP)—Sutton futures opened barely steady, five higher to one lower with commission house buying on steeper Liverpool cables meeting near month liquidation. May 11.66 July 11.75; October 11.41; December 11.51; January 11.54; March 11.58.

Film of Passion Play to Be Shown

Motion Picture Will Be
Presented at Methodist
Church Thursday

As a religious story every reading nation throughout the entire world has accepted the Great Oberammergau Passion Play as the most marvelous dramatic portrayal of the Life of Our Saviour.

A motion picture of it will be presented at First Methodist church at 8

Mr. and Mrs. Lorine

o'clock Thursday night, accompanied by the Rev. and Mrs. Lorine of Denver.

In a world this greatest of all "Passion Plays" is the crowning achievement of the picture art industry. It is a masterpiece of the art of the Ages—What a story; and what a wonderful picture; what an attraction! The characters actually live in it before your very eyes on the screen. Yes—Living for you—with you in this stupendously compelling dramatization of the Birth-Passion and Life of Our Lord.

This magnificent visualization of the World's Greatest story of the Birth-life of Christ is the filming of an nearly an exact reproduction as is possible of the original Oberammergau play in Bavaria, and after seeing this beautiful screen "Passion Play," many have pronounced this greater and more spectacular than the Oberammergau play. One witnessing this marvelous screen passion story is almost unconsciously carried to the place made Sacrosanct by the piety and devotion of those who portray the characters that circumstanced the Life, Passion and Death of Our Lord.

To witness this unmatchable screen production that cost nearly \$3,000,000 is truly a soul-inspiring spectacle, a story with a scope as broad, as deep, as sweeping and as restless as life itself. Scenes to plumb the depths and reach the heights of human experience. This sublime "Passion Play" is so pathetic, so thrilling and so tender that it will live forever in the minds of those who see it.

Harold King of the Wirephoto department of the Associated Press of Dallas, Texas, is the guest of his parents, Mr. and Mrs. T. R. King.

The Bay View reading club will hold its regular biweekly meeting at three o'clock Wednesday afternoon at the home of Mrs. Fanny Garrett West Second street with Mrs. J. A. Henry as joint hostess. Mrs. W. G. Allison will discuss her hobby.

Miss Mary Jones spent the week end with relatives and friends in Washington.

Mr. and Mrs. J. L. Myers and son Jimmie of Texarkana, were Sunday guests of friends in the city.

Air Giants

(Continued from Page One)

Charles A. Lindbergh, collaborated with aircraft builders to produce the giant "clipper" type ships with their 30,000-mile range under heavy load in virtually any weather.

Many routes, over and around the Pacific, were surveyed under all conditions to find the safest and fastest.

Radio engineers worked for years to develop an airways radio system with a range far surpassing anything ever developed. The result is a short wave radio direction finder with a range of 2000 miles, as compared to the ordinary land radio direction finders with their 300-mile radius.

With the new apparatus, Miami has followed the progress of Pan American planes flying the Amazon River 2100 miles distant.

Training is rigorous. For two years a marine personnel has been trained in the laboratory of the Caribbean and the Arctic. Out over the Atlantic between the mainland and Puerto Rico, more than 500 miles of training flights were completed.

Crews flew "blind" over the entire 1200 miles of water. They made the entire flight by dead reckoning and celestial navigation while radio apparatus checked their route.

While marine personnel was being trained and aviation and radio equipment developed, Pan American officials worked on the diplomatic relations involved.

To form an outlet at the Asiatic end of the trans-Pacific service, an alliance was formed with the Chinese government through China National Airways, now operating 3000 miles of airlines between Shanghai, Peiping, Canton, and up the Yangtze River.

Stirs Tempest at Japan. Announcement of the commercial airline across the Pacific by the United States stirred a tempest in Japan. While Pan American air bases spotting the Pacific are commercial bases, they can readily be converted into military bases, Japanese claim.

Although Japan is concentrating on military airlines in strategic positions in Manchukuo, it is also considering an airline linking the Empire with mandated islands in the Pacific. This mandated group includes most of the islands in the Caroline, Marshall, and Mariana groups.

The Pan American line cuts through

Beauty Stressed in New Chevrolet

17½-to-1 Steering Gear
Makes It Easy for Women to Drive

Beauty of exterior appearance and quality of interior appointments have never been more evident in any car yet built by Chevrolet than in the new 1935 Master De Luxe models.

Credit for the greater part of this emphasis on appearance and beauty is ascribed to woman's increasing influence in making the selection of the automobile, according to William E. Holler, general sales manager of Chevrolet Motor Company.

"The mechanical perfection of the automobile gave women the confidence in their ability to drive and drive well," said Mr. Holler. "Mechanical features are no longer a mystery to the majority of feminine motorists. But whether or not mechanical features are a more potent factor in selling the ladies, remains in doubt.

"Beauty in appearance and quality of appointment transcends every other factor in an appealing to the feminine buyer. That is why the new 1935 Master De Luxe Chevrolets are offered with sparkling colors, fine appearance and attractive convenient interiors. These cars also have the snap of outstanding performance with consequent ease of handling because women are much more motor-wise today than the men were ten years ago and they demand performance along with beauty.

"Chevrolet's 17½ to 1 steering ratio—making it easy to turn the car—was incorporated for the dainty feminine hand. The powerful cable-controlled brakes which respond to the slightest touch of the pointed slipper, were designed for the light feminine foot. Likewise it was for the ladies with their delicate gowns that wide doors and spacious interiors were designed.

"Chevrolet beauty and ease of operation," Mr. Holler stated, "are no chance creations, rather they are the result of painstaking attention to the expressed desires of both women and men alike."

This Japanese-controlled group. At no time, however, will clipper ships on course actually be flying over Japanese territory.

Other international powers extend their airlines into the Far East. In this

country aviation is a private business enterprise helped by airmail subsidy. But airlines of other nations are welded into one powerful unit, heavily subsidized by their governments.

British in Race

Imperial Airways, Great Britain's great system, already operates an airline from London to Capetown, Africa, to India and Australia. Plans are being made for a line from Burma to Hongkong and perhaps farther north. Air France is knocking at the Great Wall of China through her lines from Paris to Saigon, Indo-China, Germany, in an agreement with Russia, is sending her Junkers monoplanes into China. Even Japan is considering an airline to the United States, employing Zepplins.

To date the giant clipper of the air, like the Yankee clippers of old, have taken the lead in the race for supremacy of ocean commercial airlines.

NEXT: On hitherto uninhabited and barren little islands in the midst of the vast Pacific, men are feverishly at work to set up the "way-stations" of the 8500-mile airway which will bring America within three days of Asia.

Pastor Describes

(Continued from Page One)

He is the Victim of Sin, and the sins of the men of the world gone on and the years to come are all rolling over Him and smothering, yes drowning Him. Covering Him with all the filthiness and slim and degradation that sin is made up of.

"Then as he knelt there in the garden, he began to be sad. Why? Because He was looking down through the years, all the years that must come, and He had to behold the indifference, the ungratefulness, the lukewarmness, negligence, hatred and broken pledges that men would have in their hearts for Him the one who came to save them. And there He knelt with the blood-sweat pouring from every pore of His precious body, suffering all this agony for the sake of men's souls."

Mr. Holt, in his message Sunday night pictured Christ as He was tal captive in the garden by Judas the traitor and his followers. He painted the calm resignation upon the face of Christ as He permitted them bind Him and lead Him away, unto the cruel grasping ex-High Priest Annas. "There He stood before this wicked old Jew, Annas, as he tried to Jesus into betraying His apostles.

which Christ would not do for He loved them, then Annas ask Him of His teachings, what He teaches and why. Then Jesus gives that great answer, "That He had taught openly to all the world, nothing had been done in secret, and that Annas wanted to know what he had taught to ask many who had heard Him teach. Annas realized that instead of judging Jesus, that Jesus was judging him for all the wickedness and oppression that he had practiced as the High Priest.

Mr. Holt stated there were many Annas still in this world, those who would crowd Christ out of their life, that they might go on with their worldly pleasures and gain. Who feel that Christ thwarts their plans and desires. And that they hate and condemn Jesus, showing it by the lives they live.

Monday night at 7:30 Mr. Holt will bring a message on Christ Before

Calahes the High Priest of the Jewish nation.

Antares, the red star seen in the constellation of Scorpion, is the largest of all stars whose diameters have been measured. It has a diameter of 890,000,000 miles.

A bullet discharged from a horizontal gun begins to fall as soon as it leaves the muzzle and continues to fall at the same rate regardless of speed.

Think..

only \$465* for a New Chevrolet!

New Standard and Master De Luxe . . . in eleven beautiful body-types . . . all with valve-in-head engine . . . all providing the same basic Chevrolet quality

TALK about value! . . . You certainly get it, in overwhelming measure, when you buy one of the big, beautiful, finely-built Chevrolets for 1935. Chevrolet prices are the world's lowest prices for a six, but that's only half the story, as you will quickly agree when you examine and drive a new Chevrolet. All of these new Chevrolets are the highest-quality cars in Chevrolet history . . . finely engineered . . . smartly tailored . . . precision-built. Their performance is a thrilling new kind of performance that would be con-

sidered exceptional even if they sold at much higher prices. And they give this new performance with even lower gas and oil consumption than in any previous Chevrolet model. Visit your nearest Chevrolet dealer and get full information about the New Standard Chevrolet, with list prices of \$465 to \$550, at Flint, Mich. . . and the new Master De Luxe Chevrolet—the aristocrat of the low-price field—with list prices of \$560 to \$675, at Flint, Mich.

Let the Seven Active Plant Foods Increase Your Yield

Seven Active Plant Foods Whose effort never stops. You'll find them all in Armour's. They bring you better crops.

Armour's BIG CROP FERTILIZERS

E. M. McWilliams

Hope, Arkansas

ARMOUR'S Fertilizers contain more than a carefully selected and balanced ration of the major plant foods. They're also rich in minor or secondary plant foods, which are essential to plant growth just as vitamins are to humans. Together these Seven Active Plant Foods get your truck crops off to a quicker start, produce better plants and larger yields of finer quality. Armour's also improves your soil. It is non-acid forming. Call on us for Armour's—to increase your yield and your profits.
